Topics Discussed:

- We discussed about the name of project. We wanted something easy and catchy, but also which represents the idea of the project. After some brainstorming we came down to: 'TestMe'
- We also discussed some difficulties we encountered on GitHub, so that everybody could be on the same page.
- We were thinking about going to some centers which offer education in different fields so that we could get opinions on different features we could add.
- We discussed what each of us had found while doing researches for the project.
- We had a discussion on the implementation of the project. We did some brainstorming whether we should use Java Servlet or not.

Decisions Made:

We decided we should have live meeting on Monday the 12th.

We decided on the center we are going to visit.

We decided the name of the project: 'testMe'

We decided to ask the professor's opinion on the doubt we had about the implementation.

Tasks Assigned:

Everyone should be present on our next meeting, because it is an important one.

We should have figured out the language and framework that we are going to use.

Time, Place, and Agenda for Next Meeting:
We have scheduled one live meeting on 12th April, on 12:00pm.
